CONCERNS RAISED REGARDING PAVILLION WELL CONSTRUCTION.docx

It's only maybe a ¼ of the way there, but wanted your feedback on the format, level of detail, etc. It is very time consuming as I am having to boil down Dom's extensive discussion, but I do think that's necessary to be effective. When Deb returns tomorrow, I will ask her to fill in the analytic/QA aspects using this same format. Also will check in with Jewett today.
